MEMORANDUM FOR: Director of Personnel

SUBJECT : Personnel Who Work in Association  
with Other Federal Agencies

REFERENCE : Memorandum for Deputy Directors  
from Director of Personnel,  
Same Subject

1. As requested by the reference, we have canvassed DD/I offices to ascertain personnel who work predominantly in association with other Federal agencies. The reports of the individual offices are attached.

2. An explanation of the terms of reference may assist you in interpreting these reports. "Predominant" was interpreted as meaning more than fifty per cent of the time on a yearly basis. This excludes crash requirements when an officer may spend almost full-time for several weeks working on an urgent problem with another agency. For example, Mr. Chester Cooper of the Office of the DD/I spent several weeks working predominantly with the White House Vietnam Task Force. But this (and similar cases) was not reported because he reverted to his normal duties after the crisis passed.

3. We have also not included officers who spend a considerable, but not predominant, amount of time in liaison with outside agencies. These include such officers as the [REDACTED] liaison officers and Office of Operations contact officers.

4. In the case of CGS and OCI, officers listed spend almost full-time away from Agency offices. The OCI officers listed in the formal detail column are shown on the OCI table of organization as working in the National Indications Center or the CIA Watch Office. Those in the informal detail column are shown in other parts of the OCI T/O, but similarly work almost full-time away from the Agency buildings. The CGS personnel shown in the

liaison column spend almost full-time away from Agency buildings, but will be specifically identified on the new CGS T/O as working with the agencies indicated.

5. The reports are summarized below:

6. We believe that the remainder of the attachments are clear, but should you have any questions please call the undersigned.
